## EDITORIAL

At the time of going to press, only one championship trial has been held. Congratulations go to to Me!! and my dear boy 'Grad' WT.Ch. Romeno If Six Was Nine as we were Tony Lockyer's winning team at Wessex TD trial in Upottery. I would like to thank everyone who has sent me congratulations. As many of you know I have had a very difficult year so this win has been particularly precious to me. I thank everyone who has been supportive whilst Grad and I went through the mire together, now he at least is showing that he is beginning to recover from our losses. It is great to be back amongst friends and we are looking forward to the fun and excitement of being at KCC's 2006 with such a wonderful bunch of people. Now I can go and buy that new dress!

With Judy on board taking on a lot of the typing I thought I would have more time available to train my dogs, however with this heatwave it is nigh on impossible to do anything with them. Oh well, a good opportunity to wash and dry all the vetbeds I suppose!

Unfortunately I cannot compete at the moment as I have a dog who is very reactive to others, however I'm still willing to help at trials (any job!) until I can get another decent GSD. As now self-employed, if any Trials Manager needs help at short notice, please phone and I will try and help (preferably south of Birmingham - nothing against the

northerners, just the travelling time and cost!!).

### FIRST (CATCH YOUR) PUPPY?

Arriving dead on time (instead of early as I had planned) at my local Vets, I was asked if this was my first puppy: "No" I haughtily replied, and was about to give the number of dogs owned, and mention decades of experience designed to impress, when I suddenly had the wisdom and foresight to shut up! (Yes, I know, I'm not often that self aware).

The reason I was late and flustered for a simple Vet's appointment was that I had remembered the printed request prominently displayed in the Vets: All dogs to be held on a lead. No problem, I thought, I'll dig out a soft little puppy collar and lead for the dear little

# NATIONAL DOG TATTOO REGISTER

The NDTR has been providing an invaluable service to the dog breeding and dog owning public for almost twenty years. The tattoo and registration is the only method of ID to date that cannot move, be removed or altered. The tattoo and registration has numerous advantages over other forms of ID. It is a known theft deterrent, it is visible and readable, and can ensure a rapid response in the return of dog to owner.

soul, to make his first experience of wearing a collar, at the tender age of six weeks, an easy one.

Collar in hand I approached Puppy slowly, murmuring reassurances in a gentle tone.

Puppy watched, fascinated by this novel approach but not deterred from his normal attacking habits he instantly grabbed the collar and ran off. After he'd run round all the rooms in the house at least once I started shutting the doors behind him instead of trying to catch him. Trapped in the hallway, Puppy resolutely gripped the collar while I gently tried to prise it from his jaws. But every time I got the collar out of his mouth and tried to fit it around his neck it somehow went straight back in the dear little creature's mouth. It didn't seem to matter which way up he was, in fact with his little fat hairy legs kicking in the air he was even quicker at grasping the collar than when he was (rarely) the right way up. Talking quietly to him didn't seem to calm him at all; he was winding up nicely to one of his really manic moods.

Okay, I thought, rather than tackling him on the ground I'll get him up to an easier height. Collar in hand, Puppy firmly tucked under the other arm, I moved to the kitchen. Placing him carefully on the work top I attempted to fit the collar. I only just managed to grab one front leg and the diagonal back leg to break his fall onto the floor as he shot rapidly into reverse, with the collar once again firmly in his mouth.

Rather shaken by this near accident I returned to the carpeted floor of the hallway, after a brief struggle removed the collar from Puppy's mouth, and had a rethink. I attached a lead to the collar and let the Puppy bite the lead. He happily returned to his favourite defensive position, upside down with feet kicking and teeth biting everything within reach. With a mouthful of lead I figured he wouldn't be able to bite the collar therefore I would be able to fit it easily - wrong! Even with several loops of lead in his mouth there

was the capability to bite the collar and my hands at the same time. And if that failed he could get a foot into the collar, either front or back, and prevent me clipping it shut that way.

Another rethink and I went to get some tasty titbits. Puppy passed the food refusal test easily - biting the collar and lead was much more fun than eating, and at a push both could be done together with no loss of control, (on his part), of the collar. Tiring rapidly of this particular game because I seemed to be getting my hands bitten with every single attempt, I had yet another rethink.

The Puppy was small (in size, not ego,) the collar was small, my hands were getting sore, so perhaps I would do better with something easier to hold. I reached for one of the adult dogs' leads, and talking gently to the little demon, I tried slipping an adult lead over his head. Stupid idea - he was delighted - a bigger target to bite and what's more it was something that belonged to the older dogs, a chance to steal one of their possessions! Lead grasped firmly in his mouth he jumped up to do a triumphant lap of honour with his stolen swag, but at least I could prevent that by hanging on to the rest of the lead which was also festooned around him. Momentarily stunned by being restricted for the first time in his life by a lead, even if it was only because he wouldn't let go of it, he stood still at last and I quickly snapped the puppy collar shut around his neck. Only a minute's work saw him untangled from the adult dog lead, persuaded to release the last bit of it from his jaws and I picked the little brute up and carried him carefully out to the vehicle.

Driving to the Vets gave me time for a final rethink - ten minutes to fit a collar on a little puppy - I'm getting too old for this game. Thank God he's not my first puppy.

### NECWTS PD TRAINING WEEKEND 27TH & 28T MAY 2006

With Jean Cooke and Jonathan

It doesn't seem a full year since Jean and Jonathan travelled the long distance to Preston Tilery Farm in Darlington to run a PD training weekend to raise funds for the 2007 KCC fund - and here we are again! The weather didn't let us down, sunny and cool all weekend, with one brief shower which lasted 30 seconds!

Jean had a good variety on the course. There were novice and ticket handlers, with young dogs that had never seen a sleeve before to dogs that are already competing in PD competitions.

Saturday morning started with a brief talk from Jean about how she views PD and her training methods which are all play related. You do not need aggression to do man work. Then out into the field to start some training. The young dogs enjoyed playing with bite bars and then were moved onto a soft sleeve.

Now is the time to mention Jonathan the 'criminal'. He has so much experience; he watches the dogs so closely and puts in so much effort and encouragement just at the right time. The more experienced dogs did some chase and bite work, with improvements being made where needed. The rest of the morning covered the location exercise, with the competing dogs seeing great improvements and massive increase in confidence. The young dogs certainly enjoyed the 'baby locates' with the important groundwork being taught.

After lunch we went back outside for more fun! The afternoon covered the search of the criminal and hide, with a lot of focus on the dogs paying attention to the criminal and

not the handler. Again perfect timing by Jonathan rewarded the dogs correctly. Throughout the day there were many discussions about the PD exercises and also comments on the scoring and judging of PD.

After a take-away on Saturday evening, complete with 'Name the intro' music quiz and 'The Preston Tilery Pool Championships', everyone retired to bed to be ready for the busy day ahead.

Sunday morning started with a recap of what was learnt the day before and bringing the young dogs further on with blind locates. It was amazing to watch these young dogs take all this fun in their stride and watch their confidence grow. The more experienced dogs worked on the Recall exercise. All with success - eventually!

After another fantastic lunch the afternoon covered the 'Test of Courage' exercise, and the search and escort exercises. To finish off a fantastic weekend everyone had the opportunity to cover an exercise of their choice. Back to the barn for much needed refreshments, continuing the question and answer session, and the course was over. The weekend was again a great success, thoroughly enjoyed by everyone who attended.

Huge thanks must go to Carole and Alan Hall for hosting this weekend at their fabulous home. We were all made very welcome. Thanks must also go to the caterers for the weekend: Suzanne Plumb, Linda 'early bird' Newbold and Pat & Dennis Nelson. Linda also kindly put a sleeve on when an extra criminal was needed.

Nothing more can be said about this weekend apart from one word - FANTASTIC.

Thanks Jean and Jonathan. It has got to become a yearly event - surely??

## NECWTS Members Training/Testing Weekend 17 / 18 June 2006

Thanks to the generosity of Carol and Alan Hall, our annual AGM was expanded into a training weekend at their farm. With the excellent services of Linda Newbold, Jill Carruthers and Pete Hodgkins as trainers a good turnout was anticipated and duly arrived.

Weather - hot, hot, hot, all day Saturday. But most important were the standards of expertise and advice given by our three trainers. All of the control exercises were covered, as were the jumps, and we had a wide range of dogs (and owners) for our trainers to cover, from absolute babies to TDEx. Also paramount was keeping the dogs as cool and comfortable as possible, and we found that Alan's cow washing equipment worked equally well on canines. The 'al fresco' lunches were great, as were the continuous non-alcoholic (at least during the day) drinks.- so it was a relief when we had a few spots of rain and the temperature cooled down a little about the time of the AGM.

After the AGM and the Chinese meal it was the battle of wooden cues as the pool competition continued on from the PD weekend, ending with a new pair of Champions, We then retired early (cough)!! knowing we were going to be worked hard and very early the next day On Sunday we had three tests set by Linda (What a Nice Judge) Newbold, and ably

assisted by Pete (What a Good Steward) Hodgkins. First Test was for up to TD (ish) dogs, second Test was for up to WD (ish) dogs, and third Test was for absolute beginners, with no jumps involved unless required

A good time was had by all, and lots of good hints and tips were given for future training, so here's looking forward to when we can have the chance of another training day. Thanks again to all those who gave their time to help others.

### NEWS FROM THE KENNEL CLUB

#### MINUTES OF THE KENNEL CLUB WORKING TRIALS LIAISON COUN- CIL MEETING HELD ON 15 JUNE 2006

#### ITEM 3. MATTERS ARISING / RESULTS OF RECOMMENDATIONS

##### 3. Ballot for the Kennel Club Working Trial Championships - PD Judge 2007

The Council noted that Mr Graham Reaney was approved to judge the PD Stake at the 2007 Working Trial Championships.

##### 4. Host for 2011 Working Trial Championships

The Council noted that Yorkshire Working Trials Society had been approved to host the Kennel Club Working Trial Championships in 2011.

##### 5. Regulation Amendments

The Council noted all the Regulation amendments, which had been approved with effect from 1 January 2007.

#### ITEM 4. PROPOSALS FROM SOCIETIES/PRIVATE INDIVIDUALS

##### 6. Proposed Amendment to Regulation I19.c.-(9)

a. Mr Chadwick, on behalf of Yorkshire Working Trials Society, proposed the amendment to the above Regulation. It was proposed to correct the reference to the CD exercises, following the amalgamation of Groups 1 and II. Mrs Brooks seconded the proposal.

b. Following a unanimous vote, the Council recommended an amendment to Regulation I19.c.-(9) with effect from 1 January 2007, as follows:

##### **FROM:**

The names of the Judges. An announcement that if the entries in the Companion Dog (CD) Stake exceed 20, a second Judge may be appointed to judge the Group IV exercises and the competitors notified accordingly.

##### **TO:**

The names of the Judges. An announcement that if the entries in the Companion Dog (CD) Stake exceed 20, a second Judge may be appointed to judge the Group III exercises and the competitors notified accordingly.  
(Amendment underlined)

##### 7. Proposed deletion of Regulation I23.e.

a. Mrs Baker, on behalf of Essex Working Trials Society, proposed the deletion of Regulation I23.e.to ensure that Police Officers progressed through the Stakes in the same way as other competitors. Mr Cooke seconded the proposal.

b. The proposal was a result of the discussion at the January 2006 meeting, where Regulation I(A)3, Police Dogs progression through stakes was deleted. In conjunction with this, the Council discussed whether the Regulation regarding Service and Police judges should also be deleted. It was agreed that any Serviceman or Policeman wishing to compete under Working Trials Regulations should do so in the same manner as other competitors.

c. Following a unanimous vote, the Council **recommended** the following regulation be deleted, with effect from 1 January 2007:

Service and Police Judges are eligible to judge UD Stake at a Championship Trial provided they have qualified a dog WD Excellent. They must qualify for approval for other Stakes as above, except that those who have judged all parts at Regional or National Police Trials will not have to qualify as a civilian handler.

(Delete underlined)

##### 8. Proposed amendment to Regulation I(C)17. - Pursuit and Detention of Criminals

a. Mrs Baker, on behalf of Essex Working Trials Society, proposed an amendment to the above Regulation relating to the pursuit and detention of criminals. Mr Hines seconded the proposal.

b. The proposal was the result of an item raised under Any Other Business at the January 2006 meeting. Mrs Baker explained that there were concerns with the existing Regulation, in that a dog could stop a criminal from fleeing by "holding him by the arm, knocking him over or close circling him till he becomes giddy".

c. A lengthy discussion took place regarding this amendment. A number of points were raised and discussed. The exercise involved the dog chasing the criminal and stopping him. It was agreed that, the dog should stop the criminal by biting the criminal's sleeved arm. Discussion also centered on how a dog should be marked if a criminal fell, should the dog still attempt to bite the criminal, although he was not moving, or should the dog only bark. It was agreed it would be at the discretion of the judge, how to mark the dog, if the criminal fell and the dog had not bitten

d. The Council **recommended** amendment to the above Regulation with 9 votes in favour, 1 against and 5 abstentions. This amendment would be effective from 1 January 2007:

**FROM:**

The "criminal" (a different one for choice) and handler should be introduced as above, and the dog sent forward under the same conditions. The "criminal" must continue to attempt to escape and, if possible, should do so through some exit or in some exit or in some vehicle once the dog has had a chance to catch up with him. The dog must be regarded as having succeeded if it clearly prevents the "criminal" from continuing to flee, either by holding him by the arm, knocking him over or close circling him till he becomes giddy. If the dog fails to make a convincing attempt to detain the "criminal", it shall lose any marks that it may have obtained under exercise 14(a) or alternatively, it shall not be tested on exercise 14(a) if that follows exercise 14(b).

**TO:**

The "criminal" (a different one for choice) and handler should be introduced as above, and the dog sent forward under the same

conditions. The "criminal" must continue to attempt to escape and, if possible, should do so through some exit or in some exit or in some vehicle once the dog has had a chance to catch up with him. The dog must be regarded as having succeeded if it clearly prevents the "criminal" from continuing to flee by holding him by the arm. If the dog fails to make a convincing attempt to detain the "criminal", it shall lose any marks that it may have obtained under exercise 14(a) or alternatively, it shall not be tested on exercise 14(a) if that follows exercise 14(b).

(Deletion underlined)

9. Proposed Amendment to Regulation I(C)10.g.

a. Mrs Brooks, on behalf of Mrs Reid, a private individual, proposed an amendment to the above Regulation. The council was advised that the heights in the Agility Regulations had changed to the same as FCI heights, the proposal would ensure the heights for dogs would be the same in both disciplines. Miss Carruthers seconded the proposal.

b. The Council discussed the proposal and could understand Mrs Reid's concerns, that she would like the Working Trials height regulations to match those for Agility. The Council agreed there was no necessity to have the same heights as agility as these had not corresponded prior to the agility changes.

More

c. Following a vote of 3 in favour, 10 against and 2 abstentions, the Council did not recommend approval of the proposal.

10. ASPADS Working Trials Society

a. Mr Harvey, on behalf of ASPADS Working Trials Society, proposed an amendment to the financial support given by the Kennel Club to the Kennel Club Working Trials Championships. Mrs Webb seconded the proposal.

b. The Council was advised that the Kennel Club currently donated £1000, and Arden Grange, as the main sponsors, donated £2000. The Council would like this to be increased to £2000 from the Kennel Club.

c. The Kennel Club last increased its contribution from £500 to £1000 in 1997. It was noted that if helpers charged their expenses it would cost considerably more than £1000 to host the Championships.

d. The Council would also like reassurance from the Kennel Club that if the main sponsor withdrew its sponsorship, the Kennel Club would offer further financial assistance.

e. Following a unanimous vote, the Council **recommended** the following proposal:

ASPADS Working Trials Society proposed that the financial support given by the Kennel Club to the club hosting the Kennel Club Working Trial Championships be increased to £2000. Also, that if outside sponsorship was not available, the Kennel Club would give further financial assistance.

## ITEM 5. DISCUSSION ITEMS

11. Regulation I28 - Animals allowed at an Event

a. Mr Harvey, on behalf of ASPADS

Working Trials Society, proposed the deletion of the above Regulation, as societies found it impossible to enforce. Mr Riste seconded the proposal.

b. The Regulation stated that if a spectator brought a dog to a Working Trial then they may be admitted, on the condition that the owner signed a declaration confirming the dog was free from disease and was kept under proper control. The Council noted this had been discussed at great length but did not know how to enforce it. Working Trials were held on public land, where there were no fences or gates and there was no way of controlling the area.

c. The Council **recommended**, following a unanimous vote, to delete Regulation I28, with effect from 1 January 2007:

No animal other than one officially entered shall be brought into precincts of a Dog Show during its continuance, except any dogs registered to assist the disabled, or dogs required for educational or instructional purposes or by permission of the General Committee.

However, at the discretion of the show society, a dog brought to the show by a spectator may be admitted into the precincts of the dog show, with the proviso that those in charge of the dog sign a declaration confirming the dog is free from disease and that the dog will be kept under proper control at all times.

(Delete underlined)

## ITEM 6. JUDGES WORKING PARTY (WTOA)

12. The Chairman gave a verbal report on the continuing work of the Judges

Working Party. It was noted that over 200 people had passed the Regulation and Judging Procedure examination since 2004. The need for a practical second seminar was being discussed and a meeting had been arranged for the end of June for Working Trial Presenters to discuss the next step.

13. It was thought that the second seminars would be aimed at judges who had passed the Regulations and Judging Procedure examination and wished to continue their development with the help of some of their more experienced colleagues. It was proposed that the seminars would be split into three sections, Patrol Dog Manwork, Control and Agility and thirdly Nosework. There would be attendance certificates only, no examinations.

14. The Chairman raised two topics regarding 'nominations' and 'attendance' at Bloodhound Trials. Mrs Edwards, representative of the Bloodhound Club explained the nomination procedure, where by a hound placed 2nd in a stake may choose to compete in the next stake, where nominations were allowed.

15. Mrs Edwards also talked about attendance at trials. She explained that a draw took place prior to a Bloodhound Trial, with the time of the line and hound running order advised to the owner and printed in the catalogue. Competitors then arrived approximately one hour before the allocated time. This was to ensure that line walkers were allocated correctly.

16. The Council discussed both items and felt that there was little or no need for change at present. It was agreed that it would be more beneficial to recommend a couple of changes to the layout of the

schedule to make it clearer for all concerned. The Council recommended that the nominations procedure and the date and time of the draw should be included in the schedule.

#### **ITEM 7. KENNEL CLUB WORKING TRIALS CHAMPIONSHIP JUDGES**

17. A ballot for the PD and TD Judges for the Kennel Club Working Trial Championships 2009 was conducted at the meeting and the result would be notified with the January 2007 agenda.

#### **ITEM 8. DATE OF NEXT MEETING**

18. The date of the next meeting would be confirmed in September 2006 but the Council was advised of the provisional dates of

Thursday 18 January 2007  
Wednesday 13 June 2007

#### **ITEM 9. ANY OTHER BUSINESS**

19. Complaints Procedure  
Mr Chadwick, on behalf of the Yorkshire Working Trials Society asked for confirmation of the procedure for complaints which were not breaches of Regulations. It was suggested that this procedure could act as a discouragement to new judges. The Council was advised that the complaints procedure was there if it was needed.

## LINCOLNSHIRE GSD & ABTS CHAMPIONSHIP TRIAL

10th -12th March 2006

Dunholme Village Hall, Dunholme,  
Lincoln

### TRIAL MANAGER'S REPORT

Another successful trial over and there are several people to thank, so here goes.

Firstly, to Jan Sewell for being Trials Secretary and looking after the base. Thanks also to Bob, Annie and Jenny for their help with the catering.

Grateful thanks to the farmers and the groundsmen at the Lincolnshire Showground for letting us use their land; without their generosity we would not have a trial. Thanks also to the judges, for putting on fair tests and for being such good company over the four days; it is much appreciated. To all our tracklayers and stewards, you were brilliant as usual and make my job so much easier

Once again, Malcolm and Joan Snowden put several of us up at their house and special thanks must go to Joan, who was drafted in to judge the WD stake just 12 hours before the trial started. She thought I was joking when I met up with them on the Wednesday night, but on my way over to Lincoln had received a call from Joyce Hudson to say that she had taken ill, so we all mucked in to sort out a track pattern and articles.

I hope everyone enjoyed the trial, although the weather could have been a bit kinder to us on the Sunday.

**NIGEL HINES**

**STAKE: CD**

**Judge: LORRAINE WILSON**

**Steward: Jeff Poole**

First of all I would like to thank the Society for the invitation to judge the CD stake. Also Nigel Hines and all his helpers at base.

Thank you Jeff for stewarding, I had a great weekend, also the competitors for accepting my decisions on the dog.

Well done to the 8 qualifiers, to those who did not do it this time, a bit more work and it will come.

**1st** J. Miller with FOXFOLD CO'ALITION, X, dog, 100 points, Q. Congratulations, this young dog was a pleasure to watch. They worked as a team.

**2nd** J Weaver with LENWORTH BRYONY, Lab, B, 95 points, Q. Well done, another good round. Sendaway let you down today.

**3rd** L Campbell with SELDOMSEEN SHEP, WSD, D, 92.5 points, Q. Well done to you both, one of the best sendaways of the day.

**4th** M Rogerson with STARDELL HEBE, BC, B, 92 points, Q. Well done, nicely handled, just your sendaway let you down.

### **Also qualifying:**

A Goodley with HOLLY COLLIE, 90 points

J Beverley with TRAJAN JAFFA, 84 points

B Draper with DECOYMANS PIPER ICEMAN, 81 points

H Mercer with STARDELL INDI, 81 points

Thanks again for a great weekend, all the best to everyone in the future.

**STAKE: WD**

**Judge: JOAN SNOWDEN**

**Tracklayers: Trevor Smith, Geoff Ball**

**Steward: Andrea Lynd**

When Nigel, the Trial Manager, rang 12 hours before the first competitor was due to report and said the WD judge was ill, and wouldn't be coming, and I would need to judge, I took some convincing that it wasn't a wind-up. However, with such a short time to prepare for 39 dogs, it was full speed ahead to sort out a track pattern and gather 39 sets of articles. I would like to thank Malc and Bob for sitting in the kitchen until 12 o'clock, helping to do this. Thanks to Jan for running the base, Nigel for making sure everything ran smoothly, Trevor and Geoff for tracklaying, Andrea for square laying and control steward, and Bob, Anne and Jenny in the kitchen for keeping us well fed.

WD ran over 4 days; the tracking ground was fairly well grown winter wheat, the weather was bitterly cold and windy, but a good number of dogs completed the track. I set up a straight-forward control round and sendaway, which most dogs did well. At the end of the trial I ended up with 11 qualifiers. Well done to you all.

**1st** P Pearce with DUSTERS RAGAMUFFIN, WSD. 188 pts

**2nd** S McBride with STAFFLY THUNDERBOLT, Lab-Ret. 185 pts

**3rd** L Reynolds with SARAMAK DANCING DIVA, WSD, 180.5 pts

**4th** L Davies with MISTER MISFIT MONGREL, X-breed, 180.5 pts

**Also qualified WDEx:**

M Leewindon with LETS BOOGIE AT

BRACOKELI, GSD, 179 pts

J Sayer with VILLAGE KING, GSP, 177½ pts

H Caird with BLACK HIPPOCRATES, Lab-Ret, 177 pts

B James with TYTRI KAY, BC, 175 pts

H Holt with TRACKMOOR'S TOLKIEN, GSD, 173 pts

P Pearce with WAGGERLAND KRISP, BC, 165.5 pts

R Cahill with BAYRIVER AMBUSH OF SALENZE, 171.5 pts

Qualified WD:

S Margreaves with SHADOWQUEST ATTA BOY, GSD, 151 pts

**STAKE: PD**

**Judge: ROY WILLIAMS**

**Tracklayers: Malc Snowden, Lol Campbell, Andy Magyar**

**Square Stewards: Jim Sewell, Rita Shields**

**Control Steward: Malc Snowden**

**Criminals: Steve Lancashire, Tom Darby, Simon Bainbridge, Andy Magyar.**

Many thanks to Lincoln and also to Nigel Hines for organising a good trial, and also thanks to Nigel for finding a very good Bed & Breakfast - it was a lovely place. Thanks to Jan Sewell for sorting out the base and also many thanks to the tracklayers, control and PD steward. But a big Thank You must go to the criminals - they were some of the best I have ever worked with.

Also many thanks to Mick Tustain with Jotenheim VIP for having such good control of his dog on approaching the track. As I was following behind him, I stumbled forward, meeting up with a pair of dark eyes.

OPEN TRIAL**

25th/26th March 2006

**TD WD UD CONTROL AND AGILITY**

**Judge: JOHN WATTS**

**Steward: Lewis Hosie**

Thank you to A.S.P.A.D.S. Dundee for the invitation to judge the Control and Agility at this northern venue. Everything went extremely well. Trials Manager Jim Jeffrey and his team were spot on (Shirley and Karen looking after the troops with a special soup menu, and Sheena and Joyce at the base.) The only fly in the ointment

was the weather, very wet; nevertheless we had some sparkling performances. Thank you to Lewis Hosie for scribing for me over the two days, your quiet friendly approach seemed to put everyone at ease, just what was needed to steady the nerves. I set a straight forward test. For UD, I started with the retrieve, then obedience, sendaway and jumps, the same for WD, but the send away was to cross poles in the middle of the field. TD started with the speak, then obedience, sendaway to the cross poles and redirect to the wall perimeter. Generally the dogs were pretty good. We had a mixed bag of not quite ready to first class, but the pleasing thing was the attitude displayed by the handlers, who were very positive and up beat (even when disappointed). Well done to you all. To those of you who qualified congratulations, to those of you who failed this time, keep at it and think of all the things your dog did right!

**UD C&A**

**1st** Mrs W Strang with VIKTOR AT BALKELLO (WSD) Q 190.5. Well done Wendy, steady throughout your round.

**2nd** Mrs J Beaton with TRIALEX NORTHERN LIGHT (GSD) N/Q 180. Bad luck on the sendaway Jen, a young dog learning his trade, nice to see.

**3rd** Mr J McKay with CONADREW VASKO (GSD) N/Q 174. Another young dog. Not his day today, but it will come Jim.

**4th** Miss H Rajska with LOOK NO CHANCE ENCOUNTER (BC) N/Q 170. Just little bits and pieces Helen.

**WD C&A**

**1st** Ms R Henderson with HUMBLE BUMBLE BEE AT STRATHLEADER (GSD) N/Q 182.5 Bad luck on the jumps Rachel, but I like the look of him.

**2nd** Mrs C Ashworth with TWEEDSMILL LOCH TAY (FCR) N/Q 175.5. Have a re-think about your jump training and you will take off!

**TD C&A**

**1st** Mrs F Mitchell with RENDALE ROBIN (Lab) Q 211. Second win in two weeks, the score says it all. Good Luck in ticket Fran.

**2nd** Mr E Brown with DIVAS DELIGHT (Lab) Q 210.5. Well done Ed, another one ready for ticket.

**3rd** Mrs A Anderson with SEAHAAR SHELL (WSD) Q 205. You appeared cool calm and collected, Ailsa? Nice round, well done.

**4th** Mrs S Shearer with DREAGANTA DONN (BC) Q 194.5. A little work on send away and redirect, nothing you can't put right Sheila, Well done

**BANBURY & DISTRICT DOG TRAINING SOCIETY  
OPEN TRIAL**

14<sup>th</sup> – 16<sup>th</sup> April 2006

The Cricket Club, Hinton in the Hedges, Brackley, Northants.

**STAKE: UD AND TD CONTROL AND AGILITY**

**Judge: Richard Cornwell  
C & A Steward: Shirley Simpson**

Thanks to the Banbury & District DTS committee for inviting me to judge the Control and Agility and for all the teams who entered under me. Sorry for turning you down last year.

Special thanks to Carla and Jeremy for put-

ting me up in the 5 star Aynho “Hilton” truly splendid and it made my life with 2 dogs in the van to look after so much easier. Your company and that of everyone else staying there was great and we got to talk about dogs and trials in the evenings and didn't bore anyone stupid.

A big thank-you to Shirley (DON'T CALL ME SHELIA) for stewarding a consistent round over all three days, as they say I couldn't have done it without you. Apologies for my dyslexia and calling you Shelia all the time, made everyone else laugh though, especially when I got a good thump for my mistake.

The weather was consistent over all three days with cloud cover and periods of sunshine, the rain held off until leaving the base on the last day.

Jane and her understudy Lynne were very efficient at getting the scores sorted out even with Jane's breaks for cigarettes outside. We would have finished even earlier on Sunday, but had a tie for first place in UD, I blame this on Ray Lea the UD Nosework Judge and I'll bet he'll blame me in his report. Lucky you only live round the corner Jane and was able to go and get your young dog.

Sue, Mark, Jo and all the rest of you who helped out with teas, coffees, cakes and making my enormous breakfasts, thanks. Always polite and nothing was too much trouble, not just for me, but all the other helpers and competitors alike. May be it is just part of the Banbury espri de corps that Banbury has because everyone who helps genuinely does so willingly and with such a passion. The “dirty meal” at the base on Friday was great thanks again Sue and also Pat for the sweets. The meal out on Saturday evening was also superb.

The UD and TD rounds were both totally different. TD commenced with a straight

forward speak, then normal pace heelwork which was in a curved pattern from top to bottom around the jumps, followed by fast and slow pace. The heelwork was mostly of a high standard, but we did have a few dogs breaking towards the jumps or handlers trying to wander off. However, the biggest two faults were handlers talking to their dogs and dogs lagging behind. Next was the sendaway and redirect. From the run out I wanted the dogs recalled and re-directed across open land to the end of a hedge. This was either done very well or the handlers stopped themselves knowing they had not yet trained for this. UD commenced with retrieve, which was performed in most cases very well. This was followed by a simple heelwork pattern, again generally this was performed well. The sendaway was from a pole in the middle of the field towards the region of a plastic bag in the hedge. There would have been even more full mark sendaways, but some dogs lacked control and ran back towards their handlers.

The dogs generally performed well over the jumps and not many were lost as a result of failing to gain sufficient marks.

For the stays I asked the handlers to walk out of sight behind a trailer and the time was completed with the handlers out of sight. I had no headaches with this exercise, but we did have dogs sitting up or moving towards their handlers on all the stays that were carried out.

Thanks to all the competitors for entering and accepting my decisions. Congratulations to all those who qualified, well done. For those who are now able to compete in ticket good luck for the future. Most of the rest of you were knocking on the door with respect to the C & A part of your test, but a small number of you really were not ready or maybe you just had a

“bad hair day” like most of us do from time to time. I really did enjoy the number of new entrants to trials with some different breeds to those that are normally at trials.

**Judge: JUDY MEEKINGS**

**Tracklayers: Penny Bellis, Tony Orchard**

**Steward: John Simpson**

My thanks to Banbury DTS for the invitation to judge the TD nosework, and to all the helpers who made the trial run so smoothly. Carla leaves nothing to chance, and every aspect of the event was superbly managed. The team at the base were quietly efficient, the food was excellent, and even the weather was kind. Thank you all very much, especially Sue for the Friday night meal, and Carla for the wonderful accommodation.

Penny and Tony laid all the tracks accurately, and every competitor had an equal chance, on well grown corn. John was extremely conscientious with the squares, and most dogs found at least two articles. Many thanks to you all for your hard work.

28 entered, 22 ran.

The standard of tracking was mixed, with a few dogs not yet ready for this level, but many of the tracks were really first class, both accurate and enthusiastic, with great article recovery. Squares were, on the whole, less good, and a number of dogs seemed to lack motivation; mouthing and dropping were somewhat in evidence, with a few notable exceptions, and only 3 dogs

got all 4 articles.

Well done to all the qualifiers, and good luck in the future.

**1st** Tony Lockyer and DOUBLE TOP AT HARTSHILL, WSD dog. A very impressive youngster. Gyp tracked very accurately, and with huge enjoyment, and was the only dog to get full marks for the square. I'm sure he'll go far, in Tony's capable hands.

## SURREY D.T.S CHAMPIONSHIP WORKING TRIAL

21<sup>st</sup> and 22<sup>nd</sup> April 2006

Okewood Hill Village Hall, Nr. Ockley,  
Surrey.

### TRIAL MANAGER'S REPORT

My apologies to those of you who came expecting Surrey's lush grass and got a shock. The coldest spring days since 1986 (one of only four such years since the mid 19C) meant patchier fields and problems with moving stock and fertilising which we normally don't have. Nevertheless, the barer fields produced qualifiers - with tracks good enough to make one ask what was the problem! - and some of the better-looking fields produced more than one failure -including that worked by the winner. And with enough qualifiers still to give me writer's cramp at the end, I think the response of some was quite out of proportion. (A state of mind which the committee were not likely to fall into with the sad knowledge of the death of the cowman's wife on the first day of the trial.) This is a hobby, and a failure to track is not a matter of life and death.

Thank you to those of you- thankfully the majority- who can accept the chance element of trials and indeed understand the

difficulties of finding a large quantity of fields of the same character in reasonable proximity. And thank you to all the helpers, but especially to the TD tracklayers, who like everyone to get round, and quite simply didn't enjoy seeing people fail their tracks.

**CHRISTINE BROOKS**

**STAKE: CD**

**Judge: PENNY BELLIS**

**Steward: Gill McGregor**

Grateful thanks to Surrey Dog Training Society for this invitation to judge the Companion Dog Stake at the Championship Trial held at Ockley in April 2006. Also thank you to Gill McGregor who is an excellent Steward and to Colin Harrison and Stan Ford for their assistance and support with the stake. Thank you to everyone who contributed to the success of my stake, particularly the base team who created the famous lunches this year.

I was treated to a lovely weekend in Surrey. I stayed with Liz DeUnger in her fabulous Victorian Schoolhouse and enjoyed her terrific cooking with Alison and Margaret for company too. Great party, thank you Liz.

There were 8 entries on Friday and 21 on Saturday. The weather was pleasant, the wind light and ground pasture land. Articles were a 1 x 2" piece of felt, wooden peg and metal teaspoon. A few of the dogs were put off by the metal, either avoiding it or treating it gingerly and losing marks for dropping it. In both the nosework and the heelwork some of the dogs found the grass so tasty that this affected

the quality of their work and thus the marks. The sendaway, which was 70 metres downhill to a boundary fence with cross poles was invariably well done. Heelwork, despite the fact that my test was simple and short was not particularly well done in general.

Congratulations to those who qualified and to those who didn't, do a bit of work and then have another go. No one was far off the required standard.

Thank you to Surrey DTS for inviting me to judge the UD stake.

Many thanks to my tracklayers and stewards for giving your time; the high success rate for competitors is testament to the fact that you all did an excellent job.

Thank you too, to the base helpers, notably Dorothy Bowen, for the delicious lunches, and to Christine Brooks, trial Manager, for shooing us out on time & keeping everything running smoothly. Thank you to Stan Ford for obtaining the land (pasture), shepherding us round the fields, and setting out the jumps in the control field.

We were blessed with good weather, just some light showers. It was a joy to be in the lovely Surrey countryside at this time, the hedgerows and woods were sprinkled with spring flowers.

16 entered, 11 ran, 7 qualified. The standard of work was good throughout, the non-qualifiers just unlucky on this occasion.

Just one stern word before the results: only slip leads, slip chains or smooth collars may be used on the dog when competing, nothing else.

**1st.** Lynne Liney with HORNAGE COPSE LAD, WSD, D, 194.5. Q Ex.

The mark speaks for itself: excellent work throughout from this keen but sensible dog. He's an 'FDU'- where do you find them?! Congratulations on a well-deserved win.

**2nd:** S. Zachheim, TIMBA OF HARDY VICTORY, X-breed, D, handled by Sue Drake. 187.5. Q Ex.

(An attractive cross- maybe Goldie/GSD- which sadly lost an eye as a pup). An excellent track, dropped a few marks on the square, and declined the long jump, but very nice work, well handled.

**3rd** Jacqui Gibney with BRYN HEULOG AP BRECON, Wsh SD, D, 183 Q Ex.

Very keen nosework, then just dropped a few marks on heelwork & sendaway.

**4th** Steve Liney with GEMSTONE EAST-ER WISH, X-breed, B. 178 Q Ex.

## STAKE TD

**Judge:** ROGER SHRIMPTON

**Tracklayers:** Caroline Ashford, Cathy Dench, Maggie Richardson, Tessa Shoolbred, Ron Davies, Bert Reynolds, John Reynolds.

**Search Steward:** Sally Baker

**C&A Steward:** Caroline Ashford.

I would like to thank Surrey Dog Training

Society for the invitation to judge the TD stake at their championship trial. Trials Manager Christine Brooks organised a very well run and happy event. There seemed to be so many willing and smiling helpers, which was very refreshing. As a society you are very lucky in this respect. I was made to feel very welcome and had a most enjoyable week. This was made even more enjoyable thanks to Beryl Kimberly and her helpers in the kitchen and to Dorothy and John Bowen who provided a wonderful lunch every day for helpers and judges.

Special thanks to Sally Baker my search steward for the four nosework days, Sally must rank among the best for search stewards, very consistent, thorough, did not put a foot wrong all week and very good company, thanks again Sally.

Caroline Ashford, my control steward, did an excellent job taking the competitors very efficiently and consistently through the round, and competing very favourably with the noise of the low flying aircraft coming in overhead. I don't know what Caroline does in real life but I bet she gets attention. Thank you Caroline.

Tracklayers Tessa Shoolbred (who laid all of the early morning tracks 5.30 am start!) Caroline Ashford, Cathy Dench, Maggie Richardson, Ron Davies, Bert Reynolds, and John Reynolds. A very experienced team who gave me every confidence that all tracks were laid as I wanted them. You are a great bunch. On behalf of the competitors and myself thank you for your efforts.

Traditionally Surrey has quite a large entry, and usually many qualifiers due to the good tracking conditions. Of the seventy entries sixty-one tracked and at the end of the four nosework days there were twenty-four qualifiers which was not quite what I expected.

The weather over the four nosework days was fit for purpose with no bad days. Tracking was all on grass and varied from nice to lush in the morning, to new sewn, set aside and sheep grazed in the afternoon. The

thirty-one morning competitors produced twenty nosework qualifiers. The thirty afternoon competitors, four qualifiers. Some good teams went home disappointed. It's called luck of the draw! In saying this none of the fields looked untrackable, and two of the first four placings tracked in the afternoon.

The control and agility day was fine and sunny, the round started with the speak exercise which consisted of the dog left at the side of a barn with the handler out of sight around the corner, this caused no problems for the majority. Heelwork followed the standard of which was mixed. Then the sendaway which was 140 paces out to a branch in the middle of the field, then redirect left to a water trough in the hedge slightly forward of the sendaway point. All pretty straight forward you would think, but it caused problems for some teams. The marks varied from 0 to 9.5. two teams were lost in the control round. Agility was generally of a good standard but losing two teams. One dog moved in the stays. Giving a grand total of nineteen qualifiers at the end of five days.

Track articles were; wood 0.1875" dia. x 2.5" lg. cord 0.1875 dia x 3" lg. and carpet underfelt 0.5" x 1.5"

Search articles: metal chain 2" lg, carpet 1" sq. plastic covered wire 0.125" dia x 2" lg. wood 0.5" x 1.5" lg.

Tracked on Friday morning on what had seemed a difficult piece of land, three off the track followed by four out of the square in no time at all, consolidated by one of the best control rounds, what can you say, seems they can't go wrong at the moment. **MIDLAND COUNTIES GSD  
ASSOCIATION  
OPEN TRIAL**

29<sup>th</sup> April – 2<sup>nd</sup> May 2005  
Walesby, Nottinghamshire.

**TRIAL MANAGER'S REPORT**

The April trial was small, only 54 competitors. The base was set up and the fields marked out on the Friday. Bob and Sue Carter arrived and saw to our catering needs in style over the next days. The base was well run by Wendy Magyar and Jan Darby. PD judge Mick Tustain and steward Lauren did the nosework and C & A on the Saturday, and the Patrol on Sunday. Steve Lancashire and Tom Davies ran criminal with Garry Talbot and Nigel Hines, who tracklaid the previous day.

WD nosework was judged by Liz de Unger, her steward was Margaret Robinson. Stevi Boyall judged UD nosework, with Robert Currie stewarding. David Waite and Andy Fox tracklaid for UD, Tom Darby and Dave Marchant for WD. CD judge was Maeve Weselby, and she also judged C & A for UD and WD, and her steward was John Weselby. All stakes went well, due to the high standard of the judges and helpers. Andy Magyar and Linda Newbold helped keep things running smoothly at all times.

Many thanks to the competitors, also to the farmers, the Fishers, the Cloughs, Mr Banks and Mr Price. My thanks also to the judges, and all who helped in any way.

I wish to thank the Association for inviting

The weather was kind to us, a little cold in the mornings, but we even saw the sun in the afternoons.

Thanks to all the competitors for entering under me. Unfortunately the jumps took their toll, especially with the young dogs. Heelwork was not brilliant, but I think some of this was down to the long grass.

In my opinion, the overall standard of control and agility in both UD and WD Stakes was disappointing. This particularly applied to the heelwork and jumps, but was probably due to the length of the grass.

**Tracklayers: Sheila Tannert and Stevie Boyall**

Firstly I must apologise for this report being so late. The first copy was sent at the end of May 05 and never arrived.

A big thank you to M.C.G.S.D.A. for the invitation to judge the U.D. nosework. Thanks also to Andy and Wendy for all their help before and during the trial. Thanks also to Sheila and Stevie for their excellent track-laying. A big thank you to Lee for laying all the squares.

**1st** Susan Hughes' OES DALEWOOD URSA MAJOR. Nice to see an unusual breed making the track look so easy. Track 88 + 2 articles, search sq. 35. Good luck for the future.

**2nd** M & S Lewindon's GSD SORIMOUR LET'S BOOGIE AT BRACOKELI.

**3rd** Jane Hedges Flat Coated Retriever TREVORSILK INDIAN QUEEN. Well done Jane a super track and square. All the best for the future. Track 89 + 2 articles, search sq. 35.

**4th** Alice Witty's GSD ANPO GABY. A pleasure to judge this team, a near perfect track and full mark square. Track 89.5 + 2 articles, search square 35.

## **STAKE: WD NOSEWORK**

**Judge: ELIZABETH DE UNGER**

**Tracklayers: Tom Darby, Dave Marchant**

**Steward: Margaret Robinson**

Thank you to Midland Counties for inviting me to judge the WD nosework, to Robert Martin and his team at base, Bob and Susan Carter for the catering, and my excellent steward and tracklayers.

We saw some good tracks on well grown corn, but most of the dogs found the square difficult. Track articles were a 3" x 1.25" piece of rubber and a 3" x .75" piece of leather. Square articles were a 3.75" piece of hose, a metal lead clip, a 4.5" piece of rope and a lolly stick.

22 entered, 20 ran, 9 qualified.

**1st** P Parkinson with CARISHILL HYACINTH, GR, (B), Q, 184.5, 87/20/20. An excellent track from a lovely young dog with a great attitude. Well done.

**2nd** I Seymour with OAKENHEART DARK AFFAIR, GSD, (B), Q, 182, 87/20/36. A steady, accurate track. Well done.

**3rd** N Rees with TRIJEM ICENI WREAK HAVOC, ASD, (D), Q, 178.5, 82/20/31. One of the few dogs to find 4 square articles. Well done.

**4th** M Cammidge with WAGGERLAND SAM, Q, 176, 88/20/18. Another excellent track from a keen dog. Well done.

### **Also qualifying:**

K Peyton with GLENALPINE SOLOMAN, BC, (D), 175.5, Q.

S Hughes with DALEWOOD URSA MAJOR, OES, (D), 173, Q.

S Scott with TELL TALE TACO, BSD, (D), 171.5, Q.

S Liney with GEMSTONE EASTER WISH, X-breed, (B), 171, Q.

I Nicholl with GAMEPOINT GO AND GO, Weim, (D), 165, Q.

### **Trial Manager's Report**

This was a super trial to run and I would like to thank Mr Hildyard for the use of his land all the tracks were done on land belonging to him. John Warrior, his farm manager, was just wonderful working round us. Thank you John (& Lis Warrior), without her I would have had a lot more work to do. Whatever you ask Lis to do you know it will be done. Thanks also to, David Waite, for all the hours

he spent sorting all the entries and producing the catalogue.

Thanks go also to Jan Darby for running the base in her usual efficient way Thank you also to Stevi for collating the scores. To my tracklayers in PD David Waite and Andy Fox in WD Tom Darby and Robert Currie. Thank you for giving up your time it was very much appreciated.

My judges were a pleasure to be with during the trial and I hope they enjoyed themselves. Thank you to the criminals/helpers without there help and support there would have been no trial. All I had to do was phone Steve Lancashire and all the criminals were sorted out he's a trials managers dream Bob and Sue Carter for keeping us all fed and watered and the super Fish and Chip supper on Friday evening. Thank You.

Good Luck at the KCC to Dave Marchant the winner of our Ticket

**SHEILA TANNERT**

**STAKE: CD**

**Judge: JOAN SNOWDEN**  
**Steward: Malc Snowden**

Thanks to BAGSD for the invitation to judge the CD stake, to Sheila and her team for running the trial. Thanks Bob and Sue the good old Chuck Wagon was here. Malc thank you for stewarding for me and keeping the competitors at ease.

There were 19 entries in the CD. 14 ran with 6 qualifying Ex. and 1 CD only. As most of you would expect the standard varied but mostly it was very good. Some dogs seemed to need a little bit more work in the square and the jumps saw points lost. The control round was mostly very good. Well done to everyone who qualified and those who didn't, a little bit more experience will see you

gaining your CD Ex. Thank you all for entering under me. I hope you enjoyed your day as much as me.

**1<sup>st</sup>** K. Ingham with RUSKATH OTH-
